

# EVENING HERALD

Published daily, except Sunday by  
**HERALD PUBLISHING COMPANY,**  
Publication office and mechanical department  
North Market Street.

The Herald is delivered in Shenandoah and surrounding towns for Six Cents a week, payable to the carriers. By mail, Three Dollars a year or Twenty-five cents per month, in advance.

Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news requires it. The right is also reserved to reject any advertisement, whether paid for or not, that the publishers may deem improper. Advertising rates made known upon application.

Entered at the post office at Shenandoah, Pa. as second class matter.

**THE EVENING HERALD,**  
Shenandoah, Penna.

## Evening Herald.

WEDNESDAY, MAY 8, 1905

We have lots of people in town who think they are enterprising but they do not show it. Let them get a move upon themselves and help to make things hum.

JAPAN is proud, plucky and highly rampant. But it is to be feared that the Russian double-headed eagle is too heavy a bird to be successfully tackled by the Mikado's gamecocks.

The President's blast against free silver is long, loud and impressive. But when it comes to pointing out the equally grave dangers of a wildcat state bank currency he never says a word.

WHAT a big jump Shenandoah would make if some of its obstructionists would emigrate to a warmer climate. They are no good here, except to keep the wheels of progress from moving.

THERE are rumors of rottenness at several of the collieries in this region. A thorough investigation should be made of the methods used at these collieries and if anything is found wrong, punish the offenders.

JAPAN is a small country in area, with a dense population, and it has the best vision for wishing to extend its territory. Russia has more land than any other nation in the world. The idea that Russia is to gain another slice of the earth as a result of Japan's brave and brilliant campaign against China is calculated to put international politics on a par with piracy.

SPAIN has a war on her hands in Cuba; China and Japan have just agreed upon peace terms; Russia is spoiling for a fight with Japan, and Norway is preparing for a war with Sweden. There are other belligerent operations, indicating that almost the entire world has recently been and still is in a fighting mood, while a number of powers that have not yet mingled in the strife are preparing to do so.

THE intolerable badgering to which witnesses are subjected in our courts, the brutal browbeating, insulting insinuations and many other indignities to which they are compelled to submit, causes wonder and disgust. Some lawyers have won notoriety for their ability to abuse and humiliate witnesses, and judges voted for their gentlemanly courtesy and high regard for the feelings of others allow such blackguard lawyers to ply their abusive vocation without exercising the power which they undoubtedly possess, so imperatively order its discontinuance. It is not surprising that so many go to the witness stand with reluctance. That kind of business should be stopped, and at once. Witnesses have rights, and should be protected in them. The failure to afford such protection is prejudicial to justice. Our judges should take this matter into serious consideration.

A WRITER in Forum for April who has been looking over the population returns in the last census thinks he has discovered "the doom of the small town." Taking the five states—Ohio, Indiana, Illinois, Iowa and Michigan—he finds that 3,151 townships lost population between the years 1880 and 1890, 144 were stationary, and 3,003 show an increase. All of these states increased in population in the aggregate more than 10 per cent. during the decade, and the conclusion is undeniable that the cities are growing at the expense of the farms and villages. Yet it does not follow that small towns are to be extinguished. Rapid transit renders them more accessible, and gives away a suburban importance. There was once a wall in New England about abandoned farms, but the demand for them now exceeds the supply. The rapid

## FLORIDA DETERMINED.

### Refused to Liberate the Spanish War Vessel Infanta Isabella.

#### TREASURY DEPARTMENT SNUBBED

The State Health Officer Declined to Permit the Vessel to Depart Until the Law Had Been Complied With, and Spain Will Probably Lodge a Complaint.

TAMPA, Fla., May 8.—The detention of the Spanish warship Infanta Isabella for having violated the quarantine laws by passing the quarantine station at Mullet Key the previous night is evidently creating a stir.

Yesterday the collector of customs received a telegram from W. E. Curtis, acting secretary of the treasury, declaring the quarantine regulations for domestic ports waived in case of the Infanta Isabella.

This relates to vessels arriving from ports where yellow fever prevails, and unless disinfected in accordance with the regulations and not less than five days have elapsed since the disinfection, the vessel shall be detained. The telegram was submitted to State Health Officer Joseph Y. Porter, who promptly wired Mr. Curtis as follows:

"Spanish war cruiser Infanta Isabella, with 175 men, direct from Havana, was ordered in quarantine at Key West May 1 by the state quarantine officer, which action was approved of by Surgeon General Wynnum, then at Key West. Refusing quarantine, the vessel left port for sea, but went into Tampa bay May 2, running by the quarantine station. She was ordered back next morning by the quarantine patrol boat for disinfection and detention, in accordance with state and United States quarantine laws, where she is now. I respectfully protest against any relaxation of United States law in this instance. I shall enforce the state quarantine laws."

When detained the officers of the Infanta said they were in a hurry, as someone wanted to reach Jacksonville. The state board, however, recognized no privilege. Dr. Porter visited the quarantine station this morning and the Infanta is being thoroughly examined. She will be released tonight.

#### AN OPPORTUNITY FOR SPAIN.

##### She Will Probably Lodge a Complaint Against Florida Officials.

WASHINGTON, May 8.—The action of the Florida state board of health officials in refusing to release the Infanta Isabella was communicated to the treasury department. Secretary Carlisle said that in view of this action there was nothing more for his department to do in the matter. His directions to the collector of customs at Tampa had been to inform the state officials that if the vessel were held by them under the allegation that she was violating the quarantine laws, she ought to be released. If the vessel is now being held by the state officials under the state laws that is another matter, with which he could not interfere.

The United States having waived the provision of the quarantine regulations through which the Infanta Isabella is detained, it would not be surprising if the Spanish government took official notice of the incident and lodge a complaint with the state department.

#### Singular Fatality at Lancaster.

LANCASTER, Pa., May 8.—A singular mishap caused the death last night of George W. Corney, an employee of the Cokesburg Cotton mills, of this city. Corney, with a companion, was testing a new automatic fire extinguisher when the other man let go the nozzle on the end of the pipe through which the water was being pumped. The force of the stream knocked Corney down, and he was several times struck on the head by the heavy plate of brass. His skull was fractured, and he died several hours later from concussion of the brain. Corney was a prominent Grand Army man, and was formerly a member of city council.

#### Conscience Made Him a Coward.

SAN FRANCISCO, May 8.—From brooding over the thought that he was unworthy of the love borne him by his promised bride, George E. Watson committed suicide by shooting himself through the head at the home of his brother-in-law, John A. Sargent. At the time of his death Watson was engaged to be married to Miss Amy Minor, a wealthy young lady living in Providence, R. I. He had known her ever since he was a boy, and had corresponded with her ever since he came to San Francisco, seven years ago.

#### Signed the Amalgamated Scale.

PITTSBURGH, May 8.—Phillips, Nimick & Co., owners of the Silgo mill, yesterday signed the wage scale of the Amalgamated A. S. association. This is the first victory for the strikers, and as this mill has been non-union for years the signing of the scale is especially significant. The striking mill-dollars at the other iron works are still out, and will not go back unless paid 44 per cent. The Clinton mill is the only one yet running at the non-union rate, and this is expected to be closed soon.

#### Charged With Assaulting Mrs. Parnell.

CAMDEN, N. J., May 8.—James Willets, a colored man, was arrested in Stockton yesterday on a charge of beating his wife in this city, but a more serious charge awaits him. Willets is suspected of being the assailant of Mrs. Parnell at Bordentown. What grounds for suspicion they may have the authorities refuse to state, but the Bordentown officials have been notified. Willets said he lived in Burlington.

#### The Work of Thieves.

DOVER, Del., May 8.—Early in the morning the general merchandise store of Moore Brothers, at Leipsic, a short distance from here, was entered by burglars, and cash, checks and goods to the amount of \$2,000 were stolen. The thieves gained an entrance by forcing open a window. There is no clue.

#### Suspicious of Murder.

AHLAND, Pa., May 8.—The badly decomposed remains of a Poleander were found on the mountains between New Boston and Mahanoy City. A blood stained handkerchief found nearby leads to the belief that a murder has been done, and the coroner is investigating the case.

#### A Sawmill Blows to Fragments.

KOKOMO, Ind., May 8.—The boiler in the sawmill owned by John Bennett, north of here, exploded yesterday, blowing the mill

## That Tired Feeling

is a certain indication of impure and impoverished blood. If your blood could always be rich and pure, full of the red corpuscles upon which its vitality depends, you would never be weak, or Nervous! Boils, pimples, scrofula, salt rheum, would never trouble you. But our mode of living, shut in all winter in poorly ventilated homes and shops, depletes the blood and there is loss of appetite, a weakness. Hood's Sarsaparilla is the standard remedy for this condition. It purifies, vitalizes and enriches the blood, overcomes that tired feeling, builds up the nerves and gives perfect health. Read this:

"Our daughter, Blanche, when four years of age had a humor break out on her hands and face, which our physician pronounced eczema. If the cold air reached her face or hands they would swell up, look almost purple, and headed blisters would form and break,

Discharging a watery fluid, and the burning and itching would drive her nearly wild. Unless we laced her little hands she would tear patches of skin from her face and hands. We tried many doctors and many remedies and at last gave the case up as hopeless. But our daughter Cora tried Hood's Sarsaparilla, to cure a scrofulous lump near the left breast which caused her much pain and after taking 4 bottles it disappeared. Blanche, who is now eleven, had spent seven years of suffering, so I concluded to give her Hood's Sarsaparilla. She took 5 bottles and her face is smooth and soft as a baby's, the color of a rose petal. Her hands are soft and white, where four months ago they were blue and red and calloused nearly like leather. I cannot express my gratitude by pen or mouth. It seems a miracle and our friends are surprised." MRS. ANNA L. CLARK, 401 E. 4th St., Duluth, Minn.

# Hood's Sarsaparilla

N. B. Be sure to get Hood's and only Hood's.

### PENNSYLVANIA LEGISLATURE.

#### Defeat of the Bill Creating the Office of Deputy Auditor General.

HARRISBURG, May 8.—The bill creating the office of deputy auditor general was killed in the house yesterday by a vote of 90 to 90. Representative Collins, of Lycoming, who had the measure in charge, changed his vote before the result was announced so as to be in position to move to reconsider should it be decided to make another effort to put the bill through. The sentiment against it, however, is so strong that there seems to be no hope of reconsideration. The defeat of the bill was a great surprise to Auditor General Mylin, who had selected Colonel John A. Glenn, of Philadelphia, for his deputy. Captain P. D. Bricker, of Jersey Shore, corporation clerk under ex-Auditor General Groves, was to have been retained in this position and ex-Rent Collector Sam Matt Friday, of Lancaster, was to be chief clerk. The defeat of the bill means the retirement of Captain Bricker, whose place as corporation clerk will be taken by Colonel Glenn.

### THE DELAWARE DEADLOCK.

#### The House Passes a Resolution Extending the Legislative Session.

DOVER, Del., May 8.—The hall of the house was crowded yesterday long before the hour for taking the usual ballot for senator. All who were entitled to occupy seats on the floor availed themselves of the privilege. The expected change, owing to the letter written by Hon. George V. Massey, did not occur, however, but instead the supporters of the Dover attorney issued a request for a conference of Republican members last night.

The conference to discuss the senatorship middle was called to order at 8 o'clock and remained in session until midnight when an adjournment was had without anything having been accomplished. Two reporters, who secreted themselves in the room where the conference originally met, were discovered and ejected, after which the conferees adjourned to the parlor in the state house and resumed their deliberations.

The resolution of Representative Charles L. Moore, extending the time of the session until the 15th, was passed by the house by a vote of 11 to 10. Daily (Dem.) voted with the Republicans in favor of the resolution, and is being roundly denounced by his party associates for doing so. Five Republicans voted against the bill.

### YESTERDAY'S BASEBALL GAMES.

**National League.**  
At Cincinnati—Cincinnati, 7; New York, 6.  
At St. Louis—St. Louis, 10; Boston, 6.  
At Chicago—Chicago, 10; Washington, 9.  
At Pittsburgh—Brooklyn, 9; Pittsburgh, 9 (called at end of fifth inning on account of wet grounds).  
Louisville-Philadelphia game called at end of first inning on account of rain. Cleveland-Baltimore game postponed on account of wet grounds.

**Eastern League.**  
At Scranton—Scranton, 4; Buffalo, 3.  
At Springfield—Springfield, 6; Syracuse, 2.  
At Providence—Providence, 4; Rochester, 2.  
At Wilkes-Barre—Wilkes-Barre, 4; Toronto, 1.

### How to Treat a Wife.

(From Pacific Health Journal.)  
First get a wife; second, be patient. You may have great trials and perplexities in your business, but do not, therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom. To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best, and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by Gruiter Bros. Druggists.

Buy Keystone Flour. Be sure that the name LESBROS & BROS., Ashland, Pa., is printed on every sack.

Strouse has a fine line of society umbrellas.

### Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passage in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold at the City Pharmacy, 107 S. Main St., next door to the post office, Shenandoah, Pa. 49-Sm

When you want good roofing, plumbing, gas fitting, or general tin-smithing done call on E. F. Gallacher, 18 West Centre street. Dealer in stoves. 34-4F

You Don't Have to Swear off says the St. Louis Journal of Agriculture in an editorial about No-To-Bac, the famous tobacco habit cure. "We know of many cases cured by No-To-Bac, one, a prominent St. Louis architect, smoked and chewed for twenty years; two boxes cured him so that even the smell of tobacco makes him sick." No-To-Bac is sold and guaranteed by Mrs. A. Wasley. No cure no pay. Book free. Sterling Remedy Co., New York or Chicago. 13c sod

Ten-cent box Magic Paste Stove Polish for 5 cents. Ask your grocer. Pictures free.

For itching piles, irritation of the genitals, or itching in any part of the

### REVOLUTION IN ECUADOR.

#### The United States Steamer Ranger Ordered to Esmeraldas.

NEW YORK, May 8.—The Herald's special from Panama has the following: The Herald's correspondent in Guayaquil, Ecuador, sends word that the revolution there is spreading on all sides, and that Senor Sarasti, minister of war, is reported to be killed. The principal newspapers of that city have been suppressed and their editors and proprietors banished. Several regiments of soldiers have gone over to the revolutionists. It is estimated that the revolutionists have 1,000 men in Esmeraldas by this time, and General Barona in Bahayo with 500 more.

The fact leaked out at the navy department yesterday, after having been successfully hidden from the public for a week, that the United States steamer Ranger had been ordered from Buenaventura, Colombia, on May 2 to Esmeraldas, a port in northern Ecuador, where she probably has been for the last four days. This order was issued at the request of the state department, where it was stated that the request had been made because the department had been convinced by representations made by Americans having interests in Ecuador that it would be wise to do so. No further statement as to the nature of the trouble that has arisen in Ecuador could be gathered at the state department, but from other sources it is learned a revolution is believed to be impending in that country as an outcome of the bitter dissatisfaction engendered by the use of the Ecuador flag to cover the transfer to Japan of the Chilean cruiser Esmeralda last winter.

### DEATH OF JUDGE GREEN.

#### He Was Ex-Governor and Vice-Chancellor of New Jersey.

ELIZABETH, N. J., May 8.—Vice-Chancellor and ex-Governor Robert S. Green died at his home here yesterday, in his 67th year.

Robert Stockton Green was born at Princeton, in 1831, of a distinguished New Jersey family. He was graduated at Princeton in 1850, and was admitted to the bar three years later. In 1857 he became city attorney of Elizabeth—a position that he held for eleven years. From 1862 to 1867 he was surrogate of Union county, and for the five following years he was the presiding judge of the county court of common pleas. At the end of his service in that capacity Judge Green was made a member of the commission to suggest amendments to the constitution of New Jersey. In 1874 he was admitted to the New York bar. Mr. Green was a delegate to the national Democratic convention of 1880, which nominated Stephen A. Douglas for president, and that of 1880. In 1884 he was elected to congress from the Third district of New Jersey. He was elected governor of New Jersey in 1887. After his term expired he was appointed one of the vice chancellors of the state, and last June was appointed by Governor Werts a law judge of the court of errors and appeals, to succeed the late Hon. William Walter Phelps.

### The Summer Executive Mandate.

WASHINGTON, May 8.—Quite a complete executive office will be established at Gray Gables for the president's use this summer, and arrangements have been made for the transaction thereof of all public business that will necessarily occur before him it is probable that his departure for Buzzard's Bay will be made as soon as the weather becomes oppressive in Washington. Private Secretary Thurber will be near enough so that he can work with the president every day. No appointments that may be made or other business transacted by the president will be furnished to the public at Buzzard's Bay, but will be sent to the White House in Washington for announcement.

### An Alibi for Student Durant.

SAN FRANCISCO, May 8.—Theodore Durant's attorneys have discovered evidence which will enable them to establish an alibi for their client, so far as the Williams murder case is concerned. A Market street hair dresser states that Minnie Williams was a regular patron. She says Miss Williams entered her shop at 8 o'clock on the night of her disappearance. She had her hair dressed, leaving the shop at 8:35. This proved, Durant's counsel says, that he could not have committed the crime.

### Governor Morrill Explains.

TOPEKA, Kan., May 8.—Governor Morrill returned to Topeka yesterday, but no warrant of arrest has been sworn out. Attorneys for Warden Chase still insist, however, that the arrest will be made. To a reporter the governor said: "There is nothing about the issuance of those vouchers but what is all right, as far as I am concerned. I suppose that if I had made out those vouchers for extra services we would never have heard of it again, but I don't propose to do business that way."

### Dynamite Fiends in New Jersey.

CRANFORD, N. J., May 8.—Peter Patten's new bond at Fanwood was partially destroyed by dynamite at 4 o'clock in the morning. Holes were dug on each side of the arch supporting the building, and a cartridge with a fuse attached placed inside. The earth was replaced and the fuse lighted. The effect of the explosion was to tear away most of the weatherboards from the house and to break all the windows in the hotel. The theory is that the outrage was committed by a jealous rival of Patten, who failed to get a license in Fanwood.

### Royalty in a Railroad Wreck.

ROME, May 8.—While King Humbert and Queen Margaret were on their way by rail in a special train from Florence to this city, attended by their suite, one of the carriages was thrown from the track. An obstruction had either fallen across the track or was placed there by evil minded persons. Several members of the party sustained slight injuries, but the king and queen escaped with nothing more serious than a bad shaking up.

### To Cultivate Stranotto's Vacant Lots.

SCRANTON, Pa., May 8.—The Scranton board of associated charities last night decided to put in operation the plan of Mayor Pingree, of Detroit, of the "cultivation of vacant lots by the unemployed." An appeal was made today for land and funds to start the work.

### Favoring the Philadelphia Investigation.

HARRISBURG, May 8.—Senator Penrose's movement for an investigation of the municipal affairs of Philadelphia took a step in advance yesterday afternoon, when the senate judiciary general committee unanimously agreed to favorably report the resolution as committed.

### The Weather.

For eastern Pennsylvania and New Jersey, fair; cooler; southerly winds, becoming

## Heart Disease 30 Yrs!

### Short Breath, Palpitation.

Mr. G. W. McKinsey, postmaster of Kokomo, Ind., and a brave ex-soldier, says: "I had been severely troubled with heart disease ever since leaving the army at the close of the late war. I was troubled with palpitation and shortness of breath. I could not sleep on my left side, and had pain around my heart. I became so ill that I was much alarmed, and fortunately my attention was called to

## Dr. Miles' Heart Cure

I decided to try it. The first bottle made a decided improvement in my condition, and five bottles have completely cured me."

G. W. MCKINSEY, P. M., Kokomo, Ind.  
Dr. Miles' Heart Cure is sold on a positive guarantee. That the first bottle will benefit nearly all cases of heart disease, is proved by the following: 48 bottles for \$5, or 12 bottles for \$1.50. Sent by mail, on receipt of price from Dr. Miles Medical Co., Elkhart, Ind.
